 - #2 is Interchange #2216 8' in-feed; 16' heat; 8' out-feed. Split belt – 36" + 36"
 - Excellent working condition
 - Fully cleaned & refurbished - both units have been completely disassembled, cleaned/refurbished in the last 1.5 years
 - Heat chambers in excellent condition
 - #2 has slight heat discoloration on right side entry
 - New belts
 - Fully automated belt tracking
 - Being sold only because the company has a mix of dryer manufacturers and decided to use its 5 Adelco dryers as a single platform for operational consistency
- Based on market info, we believe the actual selling price should as follows:
 - #1 – Interchange #1500: \$20k - \$22.5k
 - #2 – Interchange #2216: \$25k - \$27.5k
 - FOB Waren, Michigan
- These units are in full operation. We can release either one of them at anytime. The 2nd unit would need to wait until approximately June 1st – June 15th before it could ship
